Enough emphasis cannot be put on the importance of making sure you are counted. Population is used to determine a number of ways various federal/state funding is distributed. Complete your Census online at [my2020census.gov](http://my2020census.gov) or call 844-330-2020. **YOU MATTER!!**

## CITY REMINDER

Your home and property are one of the greatest assets you will ever own. To enjoy it at its full worth you have to maintain it. Take pride in your property and its appearance. Keep it mowed and trimmed. If you have excess junk, junk vehicles and over grown brush get them removed. If the maintenance of your property is unimportant to you, we have ordinances in place that will force you to do this. **Its unfortunate we have to force people to care for one of their greatest assets.**
