

## SAFETY TIPS

Snow and ice can damage or block natural gas meters and exhaust fans vents for appliances. Chimneys and vents on the roof or side of a building must be clear to allow proper venting which prevents equipment malfunction or accumulation of **carbon monoxide**.

Install carbon monoxide alarms and carefully follow the mfg. Directions for operation, placement, and maintenance.

**Keep your family safe! Get a CO detector installed.**

Do you smell the odor of rotten eggs, hear hissing or whistling sounds around gas appliances or meter? These may be signs of a natural gas leak. Contact your local utilities.

Have you seen me? Be sure to keep me clear of snow or else I will stop regulating and you will be without heat!

We only accept clean cans that you paid a 5 cent deposit for. Water bottles, milk jugs, food items, and trash are not accepted. Glass is no longer accepted due to liability. Please separate your glass bottles from the can bags. 13 gallon or larger plastic bags are preferred and help speed up the process when taken to the redemption center.
